

Dear Parent or Teacher:

The South Side School District will be hosting a training session entitled “Advocacy 101” by Judy Pamer, parent advocate through ACHIEVA, on Wednesday October 7th from 3:30 pm to 5:30 pm. The purpose of the training is to clarify special education regulations, discuss potential issues that arise due to misunderstandings between schools and families, and ways to resolve those misunderstandings. The training will be held at South Side MS/HS in the chorus room. There will be a greeter in front of the building to direct you to the location. South Side School District has been gracious in opening up the training for Western Beaver parents, teachers, staff, and anyone else involved in the IEP process. I hope to see you there.

Sincerely,

Eric Palmer
