

Local Task Force on the Right to Education for Beaver County Meeting

Dear Parent(s):

Western Beaver County School District will be hosting the Local Task Force on the Right to Education for Beaver County monthly meeting for the month of May. Meetings are held at a different School District in Beaver County each month. Typically, the district provides about a one-half hour presentation to the group. The group then holds their executive session. The presentation at the May meeting will be about the Response to Intervention and Instruction (RtII) program that began this year at Fairview Elementary. A team of teachers from Fairview will discuss how RtII has been incorporated daily into the general education program and how it is helping all students achieve.

You are invited to attend the Local Task Force meeting. Meetings are open to all parents, and school staff are invited and encouraged to attend as well.

When: Wednesday May 19, 2010 at 10 a.m.

Where: Western Beaver Jr./Sr. High School Library

I hope to see you there!

Sincerely,

Eric Palmer
